TRISTAN C. HAUER
PRINCIPAL

Dear Students:

Together we have seen a number of changes occur in our school - particularly in this current year. I will always have fond memories of sharing our last year with you at Whittier's original site. Our friendship has been further strengthened by the fact that yours was the student body which shared in our first school evaluation.

At the same time there are many other aspects of our school life together that have continued unchanged in the traditional fashion. I trust that you will always cherish those good things which have withstood the test of time, the ideals and goals we have shared at Whittier.

Many thanks for your cooperation and good citizenship. May you have a happy future.
